MEN GIVING A DAY'S PAY.

The general rule at most of the factories is for the men to give a day's wages. The men seem to favor this way of contributing and the only deviation from this rule is where the men are giving even more than a days wages. A great many cases are reported where the men are giving as high as $20.

PULLMAN DOING WELL.

A well organized committee is hard at work at Pullman and while no money has been turned in to headquarters it is reported that this plant will turn in something above $1500.

GERLACH WORKING.

A committee met with John Gerlach and the Richmond Quarry at the Richmond Pressed Brick works and were given a thorough canvassing. Every man in these two places gave a day's wages.

INSUFFICIENT COMMITTEE.

An insufficiency committee is being organized so that, in case the quota is not reached, the committee can resolicit those who have not done their rightful share, for in matters of this sort in which everybody is interested, each man and woman is expected to do their full share of contributing for the welfare of the boys in France.

There should be no shirkers. Everyone is expected to give freely to aid this great work.

GASOLINE BAN IS LIFTED BY GOVERNMENT

If you find it necessary or convenient to take a trip at night in your automobile, and in your haste forget to fill up your tank with gasoline, later discovering that you won't have enough to last until you get back home, don't worry, for you can buy more—even if it is between 6 p. m. and 6 a. m.

At all of the gasoline stations throughout the country you can get gas whenever they are open. Some of them do not keep open after a certain hour at night, but others keep open all night. At any rate the ban is lifted by the government in regard to selling gasoline after nightfall.

SMALL BOY IS EPIDEMIC VICTIM

Little August Warren Wood, son of Mr. and Mrs. Warren Wood, 325 Bissell avenue succumbed to an attack of pneumonia this morning after several days' illness. The little fellow was seven years of age. The father of the lad is an engineer on the Santa Fe.

The remains are at Smallwood's undertaking parlors. Arrangements for the funeral have not yet been made.

WASHINGTON OFFICIALS BELIEVE GERMAN GOVERNMENT WILL COMPLY WITH ALL DEMANDS

WASHINGTON, Nov. 15.—"Watchfully waiting, but well convinced that conditions will be satisfactory."

That was the condition of the United States government today, so far as officials were concerned. There were many outstanding possibilities. But they actually were only possibilities.

President Wilson was well satisfied that the conditions of the armistice will be carried out. White House officials made this very plain.

It was agreed that the conditions of the armistice had been violated. But that in no way meant any resumption of hostilities. It was due because the German high command had been unable to stamp out vandalism and outrage at a moment's notice. And the United States government was well convinced that the newly organized German control would make good along all lines.

The appeal of the German women, sent by wireless to Mrs. Wilson reached Washington early today only in its unofficial form. It was expected, however, that Mrs. Wilson and Miss Jane Addams, to whom an additional appeal also was sent, would be replied to in an official form.

SPEED IS PROMISED IN RETURN OF SOLDIER BOYS

WASHINGTON, Nov. 15.—Congratulations and expressions of the nation's proud esteem were cabled to General Pershing for the American army to France today by Secretary Baker, with a promise that now a respite has come, the War Department will do all in its power to expedite the early return of the expeditionary forces, so that the country may welcome its soldiers home.

LONDON, Nov. 15.—American airmen landed at Cologne on the Rhine Thursday, according to a Cologne dispatch to the Copenhagen Politiken and transmitted by the Exchange Telegraph Company.

LONDON, Nov. 15.—An American mission commanded by Major General Rhodes will leave Saturday for Spa, German headquarters, Marshal Foch announces in a wireless message to the German high command.

The mission will consist of six officers and nineteen soldiers. The German command is asked to give instructions to allow the mission to pass.

AUTO OWNERS SHOULD READ FOLLOWING INSTRUCTIONS

The acting superintendent of the State Motor Vehicle Department at Sacramento tells the Record-Herald in a letter received from that office this morning that the article published by this paper some days ago in relation to the methods of applying for auto licenses for the coming year was not clear and a great many of the automobile men don't seem to understand the former explanation, but are asking for certificates to fill out. Here it is again and please read carefully, for it is the plainest kind of English:

"The upper half of the Certificate of Registration referred to in our announcement is the Certificate of Registration issued to the owner at the time of his last registration and he should be carrying same now in the metal container in the driver's compartment of his car.

"The CERTIFICATE is in two parts—the upper half of the CERTIFICATE is termed the 'CERTIFICATE OF REGISTRATION' and the lower half is the 'NOTICE OF TRANSFER.'

"Don't cut the upper half of the CERTIFICATE in two. It should be detached at the perforation, and the upper half (that is the CERTIFICATE OF REGISTRATION) be sent in with the fee.

"The Department is not mailing out Certificates of Registration for renewal. We are asking that owners return the CERTIFICATE OF REGISTRATION previously issued to them, with the fee."

ONE DEATH FROM INFLUENZA AND 13 NEW CASES REPORTED

One death from influenza is the net total of the toll paid to the grim destroyer during the past twenty-four hours. There are thirteen new cases, but so far as the health office is informed all of them, with one or two exceptions, are in a light form. Reports from all of the doctors and the health office continue to be encouraging and there is every indication that Richmond is practically clear of the epidemic.

However, there is no change in the gauze mask order. They must be worn by everybody attending church Sunday and by the people attending the theaters. Also, when school opens on Monday the boys and girls will have to wear their masks during study hours and on the playgrounds. They must also wear them on their way to and from school. This also applies to the teachers and everybody else in the city, until further orders.

Reports from over the state are encouraging. In most places the disease has abated, but now and then a locality where masks have been discarded too early are reporting re-breaking out of the epidemic. In Grass Valley this is true and it is also true of Dunsmuir and several other towns.

SAM RIPLEY ARRIVES SAFELY IN FRANCE.

Sam Ripley, formerly of this city, has arrived safely in France, according to a postal card received by Harry Pirie. Ripley enlisted in the tank corps in this city and received his training for the work in an Eastern cantonment.

VISITED IN BIG CITY.

Attorney C. D. Horner and wife were San Francisco visitors yesterday. They spent the day shopping and sightseeing.

STANDARD SALES MANAGER GETS PROMOTION

T. E. Bree who for many months has been at the head of the local sales department of the Standard Oil company at the refinery in this city has been promoted and is now at the head of the refined filling department in the same institution. His former position has been filled by Mr. W. M. Perkins, a young man who has long been connected with the Standard and knows everything connected with the selling department of that great institution.

The newspapers of Richmond regret exceedingly that they will see little of Mr. Bree in the future, for he frequently visited the offices in connection with advertising the various brands of goods sold by that concern. However, his successor seems to be a very affable young gentleman and no doubt we will soon become accustomed to the new man. Mr. Bree will continue to reside in Richmond as will Mr. Perkins, his successor.

724 DISABLED TANKS REACH U. S. IN WEEK.

WASHINGTON, Nov. 15.—Sick and wounded men numbering 724 were landed in the United States from the American expeditionary forces during the week ending November 8, the surgeon general of the army announced today.

RICHMOND MAN STEALS BEDDING FROM BIG HOTEL.

Henry Allen, registered at the St. Marks hotel in Oakland as hailing from Richmond stole all the bed clothes from his room, according to the police of that city. They are looking for him, but nobody seems to know the man here.

SERVICES TO RESUME.

The services at St. John's Catholic church in Stege will be resumed Sunday, according to the announcement of the parish priest. There will be a 10 o'clock mass as usual.

IS CONVALESCING.

Mrs. J. C. Lambrecht, who has been very ill with the influenza, is recovering her usual health.

VISITING IN STOCKTON.

Mrs. Milvina Simmons, of this city is visiting her sister, Mrs. Kinney, in Stockton for a few days.

STANDARD MEN GIVE DAY'S PAY

The Record-Herald is authorized by the United War Works chairman of this city to state that the Standard Oil employees are all giving a day's pay to the fund for the boys "over there". The only exception to this is that a great many of the men working for the Standard in this city are giving $10, $15 and some as high as $20 and $25.

Other institutions are doing likewise and from the present appearances the drive will be a great success. But it is best not to put off the day of giving too long. There are but a few days left for completing the fund and we will have to get a hustle on us in order to get our money into the right place.

FLU MASKS FOR SHOW GOERS ON NEXT SUNDAY

The Richmond T. and D. Theatre will open its doors Sunday with one of the best shows ever given in that house of exceptionally good attractions. Manager Dan Reardon is on the job and he tells us that his Sunday show is going to be an all-star performance from beginning to end.

But he wants everybody to know that they must wear masks, otherwise they will not be admitted to the auditorium. That is the edict of the health office and Manager Dan is a law-abiding citizen. He will probably present full details of the performance in tomorrow's issue of the Record-Herald.

BROKE HIS NOSE.

A. Drape, a worker at the Western Pipe and Steel plant in this city received a broken nose yesterday when an airmotor exploded. He was treated at the Abbott emergency hospital.

MRS. SHANKS IMPROVING.

Mrs. T. R. Shanks is reported as being greatly improved in health. The lady has been very ill and it took the combined services of three doctors and two trained nurses to save her life.

BORREE TELLS DRAFT BOARD HOW TO HANDLE WORK IN FUTURE

In his message today received by the Richmond Draft Board, Adjutant General Borree gave specific instructions regarding the cancelation of all general and voluntary calls for the army, and the preparation and preservation of records.

However, all inductions and entrainments for the navy and marine corps are to proceed as ordered.

All registrants whose induction orders are cancelled or who are discharged shall revert to the status existing at the time of issuing the original induction order.

But delinquents and deserters are to be punished if their acts were committed prior to the issuing of the present order of cancellation of calls.

Borree states that all records pertaining to the enforcement of the selective service law and belonging to the local and district boards are public records, and, if they are lost or wilfully destroyed, removed or mutilated, the guilty will be liable to severe punishment, a fine of $2000 or three years imprisonment, or both.

The information contained in such records is also to be regarded as strictly confidential, and no person not authorized thereto by the regulations or specifically by the Secretary of War shall have access to them.

LONDON, Nov. 15.—Belgian troops were ordered to march upon Antwerp this morning and occupy the city, said a French wireless dispatch.

PARIS, Nov. 15.—The French army will make an official entry of Strassburg November 25, according to an official announcement. High officials will go to that city eight days later for the ceremonies incident to the restoring of Alsace and Lorraine by France.

PARIS, Nov. 15.—The naval terms of the German and Austrian armistices are being carried out rapidly.

LONDON, Nov. 15.—The German warship Koenigsburg, which put out from a German port on the 13th with armistice delegates from the revolutionary faction on board, was met by British warships this afternoon and escorted to a certain point at sea, where Admiral Beatty of the British navy received the German delegates proposals for carrying out the naval terms of the armistice, it is learned here.

SERVICES WILL BE HELD SUNDAY AT ST. MARK'S.

Commencing next Sunday the usual services will be held at St. Mark's church, including the Sunday masses. The week day masses will start Monday morning at 7:30. Father Griffin is glad that the epidemic has abated to such an extent that the authorities consider it safe for services to be held again.

GERMAN-AUSTRIAN REPUBLIC, IS PLAN.

LONDON, Nov. 15.—Vienna newspapers announce that the German-Austrian republic will be proclaimed today, and that Emperor Charles' request to be permitted to reside in Vienna as a private citizen has been refused, according to an Amsterdam dispatch to the Exchange Telegraph Company.

OMITTED FULL TERMS.

COPENHAGEN, Nov. 15.—The Politiken quotes the British military attache here, Colonel Wade, as saying in an interview that the Germans in publishing the terms of the armistice omitted six or seven articles, including that relating to the allies providing food, if necessary.

CITY CLERK IS BETTER.

Reports from the bedside of City Clerk A. C. Faris are to the effect that his condition is better today and that with no complications he will soon be all right again. Mr. Faris is suffering from an attack of influenza.

FRESNO ARRIVALS.

BRING THE BOYS HOME.

By far the most important duty devolving upon the American people at this time is that of bringing the service of their soldiers to a pleasant conclusion. In more than a year of violent action they have tasted of every hardship and many have found their last reward. Let the home-coming be one to stir their hearts with the depth of gratefulness of the republic.

Last Monday we began a campaign to raise $23,000 in this city for the organizations "over there" who are working in the interests of our boys. In the entire nation the idea is to secure contributions netting the sum of $170,500,000 with which to carry on relief work until the soldiers are returned. It is possible this will not be enough to do the job properly and if this is so we must later prepare for another fund. But just now our duty is toward the present need.

In the common mind there is the thought that a declaration of peace is the end of all our responsibilities toward the war. Nothing could be farther from the truth. War consists in going and returning. In just as great measure as we have prepared for conflict and sent our soldiers to the front we must prepare for the safe and happy return of those soldiers.

While peace negotiations are going forward the soldiers are still in the trenches and on the firing lines ready for any eventuality. Even after peace has been signed it will be months before the vast armies can be moved. In the meantime they must not be forgotten, neglected, and left to shift for themselves. They must have their share of the happiness and good feeling that permeats their own land.

It is our business to see they are made happy and comfortable. During the campaign we must see that our own subscriptions are made and that interest is created among our neighbors.

A NEW INDEPENDENCE DAY

Last Monday there was born in America a new national holiday. What it is to be called in the future amounts to nothing, but that it must be made a uniform national holiday, in spirit if not in law, goes without saying by virtue of the tremendous event which transpired on that morning.

There is a body of men who will celebrate that day annually hereafter as long as one of them remains alive. They are the American army and navy. It would be fitting if they choose November 11, for that is the day of the victory directly brought by their hard fighting.

It is a matter of congratulation on the part of the younger generation that the armistice terms were signed on Monday, instead of Sunday, which came so near being the case, because this creates a brand new holiday instead of wasting the chance on the day in the week when school does not keep anyway.

November 11 will be a memorable anniversary not only for the American people, but for the entire world. It will be celebrated by many nations, but it peculiarly belongs to America because it was the armies of this nation which made it a day of victory instead of something else. It adds a wealth of lustre and renown to the history of this nation and it would be queer, indeed, if the Americans did not celebrate it spontaneously for many decades to come.

OUR PATRIOTIC SONGS.

The inspirations, subjects and multiform motives inspired by the war have called forth the most amazing quantity of material and patriotic songs by American composers. The publishers have been swamped by them, and every soloist and musical director in the country has had them in plenty and to spare for the past two years. Unlike the normal outpouring of the lyric composers, all of these war-time melodic effusions had, in one way or another, the same epochal subject back of them. Most of them are patriotic in form, if not in truth. Many of them sprang from the noblest emotions of love, pity, hope, courage, generosity, as such thoughts and feelings were stirred to new activity by the great conflict for world freedom.

And out of the great mass of war songs, marches and patriotic ballads, not a few have already rightly won to high and enduring places in the esteem of the erudite musician, as well as in the hearts of the responsive public. Songs which are of such genuine patriotic significance and of such a degree of musical worth as to win for them a place on the programs of John McCormick, or to be chosen and sung with mighty effect by the other great voices of grand opera and the concert stage, not to be regarded as ephemeral or insignificant expressions of the people whom they express. And many such songs have come from the pens of American composers within the two last years. And the reason why such manifestations of a new national impulse in music are most valuable is because back of every song so projected there was an exalted motive, as well as a fine ability, to give utterance to the great emotions which were struggling dumbly toward the lips of all of us.

Mayor Lane has broke into print in explanation of the action of a minority of the council at a street meeting Monday in front of the Elks' building in ordering the saloons opened to "help" the victory celebration, in defiance of the mandate of the health officer and the laws of the state of California. He declares that the chief of police has an order in his possession signed by a majority of the council. That may be true now. But the fact remains that the saloons were ordered opened, not by a majority of the council, as the mayor says, but by a minority of that body at an illegal meeting. What was accomplished by that minority in order to repair and fortify their position subsequently has no bearing in the matter at all. The facts are that these men committed a most flagrant illegal act that might have resulted seriously, simply to give the saloon men an opportunity to make a few dollars. The best defense that can be made by the mayor is a silent tongue. The people of Richmond are fully advised in the matter.

FLU SPREADS OVER CIVILIZED WORLD

GERM ELUDES BACTERIOLOGISTS AND HEALTH AUTHORITIES ARE BAFFLED.

The influenza epidemic continues unabated. Its ravages are not confined to this city or state or even to the United States, and cable reports indicate that it is rapidly spreading over the civilized world. It has baffled medical skill to an unusual extent and has claimed more victims perhaps than any other epidemic in a score of years. The germ has eluded the bacterologists and medical men now agree that the best cure is prevention.

The surest prevention is to build up the bodily powers of resistance and to get the system in the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection not excepting Spanish influenza.

It has been discovered that persons who are weak and run down are the earliest victims, and if you find yourself tired or weak and losing flesh, or if you are in a generally rundown condition and below your normal weight, this warning should be heeded promptly.

If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to give you fighting strength to ward off the influenza germ. This is a statement of facts and is supported by the recognized authorities and reference works, including the United States Dispensatory and the Encyclopoedia Brittannica and leading textbooks used in the school of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine, and by the fact that Tanlac is today having the greatest sale of any tonic on the American market, over eleven million bottles having been sold within the past three years.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after-effects of influenza, grippe or bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac tratment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac.

Tanlac is sold in Richmond by F. B. LaMoine, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, in Antioch by Shuman Drug Store, and in Pinole by E. K. & H. Dunlap.—Advertisement.

OLIVER WILL IS OFFERED FOR PROBATE

The will of the late William Letts Oliver who died in Oakland a few days ago was filed for probate in the superior court of Alameda county this week by M. R. Jones, a son-in-law of the late capitalist and attorney for the heirs. The will, which was executed on December 7, 1917 contains the following provisions:

To various relatives in South America the sum of $21,000.

To employees, including A. H. Campbell at Stege, the sum of $5500.

To Associated Charities of Oakland, $2000.

To National Red Cross, $1000.

To Salvation Army's Sonoma Co. Farm, $1000.

To Overseas Club, London, England, $2000.

To "The Times Fund", London, England, $2000.

To the widow, Mrs. Carrie B. Oliver, one half of the community property, also the family home in Oakland with its contents and 100 shares of stock in the Letts Oliver Investment Co.

To each of his 12 grandchildren, $2000.

All of the residue of the estate in equal shares to the six sons and daughters, Roland L., Edwin L., Wm. Howard and A. Leslie and Mrs. Carolyn O. Jones and Mrs. Anita L. Jensen.

The petition for probate of the will merely asserts that the value o fthe estate is in excess of $10,000, but the true value is variously reported to run into many hundreds of thousands of dollars, the bulk of which is controlling interest in the Letts Oliver Investment Co., which owns extensive properties and manufacturing plants on this coast and in the east.

CONSTRUCTION BY THE HERCULES CO. REDUCED.

The plan for the construction of fifty houses for employes of the Hercules company at Hercules has been modified by the company and only twenty-five houses will be built, according to a late order emanating from headquarters.

SUBMITTED TO OPERATION.

ZEROLENE
The Standard Oil for Motor Cars

The Popular Motor Oil
More ZEROLENE is used for automobiles on the Pacific Coast than all other oils combined.
Leading motor car distributors praise ZEROLENE, correctly refined from selected California asphalt-base crude, because it maintains its lubricating body at cylinder heat and gives perfect lubrication with less wear and less carbon deposit. Get our lubrication chart showing the correct consistency for your car.
At dealers everywhere and Standard Oil Service Stations
STANDARD OIL COMPANY (California)

Correct Lubrication for the Air-Cooled Type Engine
Engines are either water-cooled or air-cooled. This, the air-cooled type, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

Why Compare Beef and Coal Profits?
Swift & Company has frequently stated that its profit on beef averages only one-fourth of a cent a pound, and hence has practically no effect on the price.
Comparison has been made by the Federal Trade Commission of this profit with the profit on coal, and it has pointed out that anthracite coal operators are content with a profit of 25 cents a ton, whereas the beef profit of one-fourth of a cent a pound means a profit of $5.00 a ton.
The comparison does *not* point out that anthracite coal at the seaboard is worth at wholesale about $7.00 a ton, whereas a ton of beef of fair quality is worth about $400.00 wholesale.
To carry the comparison further, the 25 cent profit on coal is 3½ per cent of the $7.00 value.
The $5.00 profit on beef is only 1¼ per cent of the $400.00 value.
The profit has little effect on price in either case, but has less effect on the price of beef than on the price of coal.
Coal may be stored in the open air indefinitely; beef must be kept in expensive coolers because it is highly perishable and must be refrigerated.
Coal is handled by the carload or ton; beef is delivered to retailers by the pound or hundred weight.
Methods of handling are vastly different. Coal is handled in open cars; beef *must* be shipped in refrigerator cars at an even temperature.
Fairness to the public, fairness to Swift & Company, fairness to the packing industry, demands that these indisputable facts be considered. It is impossible to disprove Swift & Company's statement, that its profits on beef are so small as to have practically no effect on prices.
Swift & Company, U. S. A.

The Big Store
Prize Drawing Announcement
Now that the epidemic is about over, the health authorities will permit us in a few days to conduct the public drawing which was to have taken place the last day of October.
While we cannot definitely set the day yet it will undoubtedly be next week, so hold on to your tickets. You may win $100, or $50, or $20, or $10 or some other one of the fifteen splendid prizes that we are going to give away absolutely free.
Some people have lost their tickets during the excitement of the influenza epidemic. While it is best of course not to lose your ticket, you do not lose your chance on the prizes even if you cannot produce your ticket, for our duplicate has your name and address on it.
During the few days remaining until we can hold the drawing you can still obtain tickets with each purchase at The Big Store, so make the most of your opportunities and get all the tickets you can—you may be one of the lucky prize winners.
This drawing which is being conducted exclusively by The Big Store and which was arranged to celebrate the store's third anniversary should not be confused with any other drawing. We are putting up all of the fifteen prizes ourselves and they will be awarded only among purchasers at The Big Store.

SUGAR RATIONS INCREASED DEC. 1

The increase in the sugar allotment from three to four pounds a person per month will not become effective until December 1, it was announced yesterday by Acting Food Commissioner Preston McKinney. Grocers have not sufficient stock on hand to meet the increased allotment, and will be unable to get the supplies necessary until after November 25.

The allotment of sugar for the manufacture of candy and other less essentials and for bakers will be increased, but the ration of the increase has not yet been decided upon.

ARRIVES FROM NEW MEXICO.

The daughter of Mrs. Fred Zimmerman, Mrs. Wallen Perkins, of New Mexico, arrived in this city yesterday to attend at the bedside of her mother, who has been seriously ill. She will probably remain here during the winter.

Shabby Clothes Are Costly Non-Essentials

That shabby suit and hat you're wearing to "save money"—or because you haven't the full price to buy a new one, is the costliest non-essential on or off the official Hoover list.

It's costing you good chances to improve your station and income, for opportunity shies from a shabby man like a mustang pony shies from its own shadow.

The next-to-nothing-terms on which a man (or woman) can buy up-to-the-minute clothes at Cherry's makes shabbiness INEXCUSABLE.

OAKLAND ORPHEUM OPENS DOORS TOMORROW AFTERNOON

The most remarkable event in the history of stagedom takes place Saturday afternoon, when the Oakland Orpheum opens its doors. For the bill to be presented will be one composed in its entirety of the headliners from five sets of all star Orpheum bills.

Since the theaters have been closed, the result of the present influenza epidemic, bills have come to Oakland and waited there for orders. Artist on artist has arrived; here they waited to see what would be the next move.

Then came the order, on two days notice, for the theaters of Oakland to open their doors. The Orpheum was more than ready. All Manager Harry Cornell could do was to pick out the topliners;—the acts that cost the most, but who of course had the greatest expense, to open.

The result—Saturday matinee the opening act will be a feature that never before did aught but close the bill as its climax. Ditto the second act—the third;—every act of the remarkable program, practically. It will be a congress of the greatest in vaudeville, which for weeks has waited in Oakland to return to the footlights.

Every cent of the net profit Saturday matinee and night goes to war relief, too. Every ticket purchased means comfort for the soldiers "over there," for Manager Cornell, under instructions from the circuits, is to turn over the house to the war work drive. He who attends the Orpheum Saturday not only sees the greatest show that circumstances ever assembled, but also "does his bit" for Uncle Sam's soldiers.

HAS RETURNED HOME.

J. P. Sandberg, the contractor who has been working on a large job at Milbury, has completed his task there and returned to this city.
